

CPSC 349 Homework Submission 5, due 8 Oct 2019

Your name: **David Lee**

Repository (print): <https://github.com/626dlee> / **chattrbox**

Verify each of the following items and place a checkmark in the correct column. Each item incorrectly marked will incur a 5% penalty on the grade for this assignment

Finished	Not finished	
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Files placed in the app/ directory can be viewed at http://localhost:3000 when index.js is running
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Invalid URLs beginning with http://localhost:3000 result in HTTP 404 and the contents of app/error.html.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Files served from the app/ directory have the correct MIME type.
<input type="checkbox"/>	<input checked="" type="checkbox"/>	When index.js is running, chats can be held on ws://localhost:3001 as shown in Figure 16.4
<input type="checkbox"/>	<input checked="" type="checkbox"/>	The /topic command works as described in Section (5) above.
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	An .eslintrc.js file is present in the root of the repository and all issues detected by linter-eslint have been fixed
<input checked="" type="checkbox"/>	<input type="checkbox"/>	HTML, CSS, and JavaScript code reformatted with the atom-beautify plugin
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Project directory pushed to new GitHub repository listed above
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Project directory has been pushed using a GitHub client, not by manually dragging and-dropping files onto the GitHub web page.

Comments:

The eslintrc.js file is present, but since I was working from my desktop at home, I worked from vs code which did not show es lint errors . I have also emailed you regarding my errors for the websocket.

Fill out and print this page, and submit it on the day this project is due.
